

PROVIDE IMPORTANT INFORMATION & GUIDANCE

We can help support you with tents and signs that will clearly identify areas for screening, testing, visiting and more. Zoom Tents set up in minutes with no tools or loose parts. Heavy-duty and durable, the tents are stable and strong and can be used in a variety of weather conditions. Un-printed canopies and walls are fire-retardant and able to be cleaned and wiped down with disinfectant(s). Zippers and cut-out doors can also be added as desired.

ZOOM™ TENT LIGHT KIT

The Zoom Tent Light Kit provides attention-grabbing illumination to popup tents. The Zoom Tent Light Kit is USB battery powered (USB battery/charger not included) and the lights include built-in magnets for quick connection to steel frames and hook & loop for connection to aluminum frames. Lights attach to frame easily. Compatible with most 5ft, 10ft and 20ft tents. Battery-USB charger not included.

ZOOM™ TENTS - 5', 10', 20'

- 5' & 10' economy tents include black powder coated steel frames with no loose parts
- 10' & 20' standard tents include rust-resistant, lightweight silver aluminum frame with no loose parts
- Canopies available in standard colors or custom printed, which are water & UV resistant
- Full and half walls optional
- One year limited warranty (hardware)
